

# New Moisture Management Solutions from the Fortifiber Building Systems Group®

Fortifiber announces the availability of FortiBoard™ heavy duty floor protection. This non-corrugated material has enhanced water resistance, is lighter weight than other competitive floor protection boards and is made from 100% recycled materials.

## **FortiBoard**

FortiBoard rolls out flat and fast.  
Sustainable “Green” material.  
Made from 100% recycled materials.  
May contribute up to 2 LEED points  
towards USGBC Certification.  
Reuseable.

## **Size**

FortiBoard rolls measure 38" x 100'  
(317 sq. ft.)  
Roll weight: 33 lbs approx.  
Thickness: 30 Mil.

## **Product Packaging**

The product is packaged 16 rolls  
per pallet.
